“Incorporating Socio-Economic Criteria into Marine Reserve Planning”

Ecological Society of Australia, National Conference, Armidale

Organisation & Association Memberships

Institute of Australian Geographers

NSW National Parks Association

Australian Network for Plant Conservation

Personal Interests/Hobbies

My personal interests are primarily based on the outdoors and national parks. I am a keen bushwalker, photographer and amateur herpetologist. I particularly enjoy taking part in biodiversity surveys which allow me combine these activities and broaden my knowledge of other areas.
